

Daily SST Card Verification Log

NYC BUILDING CODE §3321 · LOCAL LAW 196 OF 2017 (SITE SAFETY TRAINING)

On sites subject to BC §3321, the permit holder must keep a daily log at the site identifying each worker and supervisor, together with a copy of each person's SST card, SST supervisor card, temporary SST card or other proof of the required training, and must produce it when a DOB inspector asks. Keep card copies with this log. One sheet per day; use additional sheets as needed.
